

CANADIAN Products Not Containing Gluten Ingredients

(no wheat, rye, oats or barley)

The Frito Lay Canada products listed below do not contain wheat, rye, barley or oat ingredients (we include oats in this list as a precaution as oats are often commingled with gluten-containing grains).

However, some of the products listed below may be manufactured on the same lines as products that contain gluten. Although our lines are cleaned between production runs, Frito Lay Canada has not tested these products for gluten content and the ingredients in these products may have come into contact with gluten-containing products prior to manufacturing. Individuals who are sensitive to gluten should take these factors into consideration in consuming these products.

Please note: The information provided pertains only to products made and distributed in Canada. Products sold in other countries under similar brands may be made using slightly different recipes and ingredients to accommodate local needs and preferences.
